

Did You Know?

- Arizona has experienced a rise in homelessness. As of January 2023, it is estimated that 14,237 Arizona residents were experiencing homelessness.
- Within Phoenix, over 80,000 seniors are living in poverty. Another 200,000 live at an income level that offers no safety net when an unexpected crisis occurs. Many of these individuals now find themselves without a family structure to depend on in time of need.
